

Nick Nolte

Palm Beach, FL • contact@nick-nolte.me • nick-nolte.me • github.com/nick-nolte • linkedin.com/in/nicknolte

Computer Science graduate student and programmer focused on building clean, effective software. Actively seeking software engineering internships and full-time opportunities.

EDUCATION

M.S., Computer Science — Palm Beach Atlantic University In progress (~3 courses remaining)

B.S., Computer Science — Palm Beach Atlantic University 2023

Minor: Film Production

Relevant coursework: Algorithm Design & Analysis, Data Structures, Database Systems, Operating Systems, Computer Networking & Security, Artificial Intelligence, Graphics Programming, Mobile Application Development, Web Development & Web Programming.

EXPERIENCE

Network Installation Intern Poseidon Electronics — 2022

- Designed and deployed network infrastructure aboard luxury yachts; configured routers, switches, and wireless systems for marine environments.
- Troubleshoot system failures and bottlenecks; tested and configured software and maintained hardware.

Quality Assurance Intern Robotaton Corporation — 2015–2016

- Quality assurance and testing internship in Wellington, FL.

PROJECTS

Winnie the Pool winniethethepool.com

Designed and built the company website for a pool service business — a clean, responsive site showcasing services and contact information.

Operation World Web Widget operationworld.org

Built the backend at a competitive codeathon: a Node.js server with Operation World REST API integration for per-country data, plus AES-encrypted cookie tracking to prevent duplicate submissions.

SKILLS

Languages: Python, C#, C++, JavaScript, Node.js, HTML & CSS, SQL, Visual Basic

Areas: Artificial Intelligence, Networking, Information Security, Graphics Programming, Mobile Development, Algorithms, Operating Systems, Data Visualization
